Eagles

Last Spring a Student Steering Committee was organized by Mr. Pollock to help establish the name, colors, and mascot of site six. The committee suggested some colors and mascots and then narrowed the choices down to the most popular. Ballots containing these items were sent to future Etiwanda students. The results are our proud red, black, and gold. These colors will represent the Etiwanda Eagles. The committee then divided into individual groups to decide the way activities, awards, sports, the constitution, and the budget would be handled at the new school. These student committee members spent many hours assisting with the planning for Etiwanda High School.

Cheerleading

This summer, the cheerleaders organized two car-washes at St. Peter St. Paul Church and at Central Elementary School. The cheerleaders made approximately one hundred dollars in their weekend and a half of hard work. The money made went toward cheerleading shoes and camp. The girls had a lot of fun and earned some money to help them along.

Shaping Up.

This summer the E.H.S. football players practiced two hours in the morning and three hours at night every day. They put forth a lot of effort and worked really hard. They were glad to finally receive their uniforms and display their Etiwanda colors. Their practices were held at Alta Loma High and Chatfey College where they really sweated it out. They gave up their summer in order to represent Etiwanda with a super team!

EHS-MER, better known as the Marching Eagle Regiment, has worked hard to achieve their goals. Their 90-member marching unit competed in many field tournaments and parades. Even though they had inadequate facilities in the first part of the year, members showed energetic enthusiasm and represented our school well. *Dang Lee*, Director, of the Marching Eagle Regiment stated at the beginning of the year, 'Enthusiasm is sky high, the fact that we are young is a strength and in two years people are going to sit up and take notice.'

AQUILA

Although the certificated staff was off for the summer months, many continued to plan for the big day. In 1997, Etowanda High School opened its doors for the first time. Many of us had accepted assignments outside of our disciplines, but so with an attitude, "I'll try my best." Many of us were doing things we had never done before. We were a family of professionals high waiting for our dreams to come true. We are a new family learning each others ways, but we are making strides toward a true Unified

FACULTY

Ground breaking ceremonies were held on June 25, 1982 to begin construction of the new high school in the Etiwanda community of Victoria Avenue with hopes to complete the project September 1983. Funds for construction, furniture and equipment are provided by the state through a lease-purchase agreement. The District qualified for the funds due to the population growth in Rancho Cucamonga. The school will have a capacity of 1200 students. It will open during the school year of 1983-84. It will house grades 9, 10, and 11. Grade 12 will be added the second year and the student body will number over 1100.

They Counsel Us Through Our Problems

Mrs. Neen Patterson

I became interested in Etiwanda High School as I wanted to be a part of developing our new school's philosophy, program, policies and procedures. The aspect of the change was appealing, and meeting a new staff ~~would prove to be challenging.~~ The enthusiasm of the community and the students was also a plus and although it will take some time to settle in, the ~~newness and the educational~~ has been stimulating.

Mr. Ron Scott

My primary interest in being a part of Etiwanda was a desire to be in the planning and actual start up of a new school. The positive nature of the staff and student body confirmed my decision.

Mrs. Ruth Smith

Education is a short term sacrifice for a long term gain." Anything worthwhile requires some sacrifice — something extra. My coming to Etiwanda High School was being part of that "something extra". Each of us were glad to make a short term sacrifice for a long term gain. I am proud to have been a part of the New Beginning of Etiwanda High School.

The Men Behind Our School

Mr. Don Cup

Being the principal of a school, a new one at that, requires a lot of work. I have helped to choose the site, the buildings of the school, and I have worked with the architects and contractors. I have been in charge of the planning and the selecting of the department chairpeople and teachers. I have worked with them to plan the school curriculum. I have set down the policies of the school, and have helped purchase the furniture and equipment for the new school. I have put a lot of time and effort into Etiwanda High School and hope it will be for the better.

Don Cup

As Etiwanda High School has developed, my influence and impact has spread over a large number of responsibilities. The range has been from student registration and overall guidance program to assisting athletics, student government, and working with the school nurse.

I feel my main impact is demonstrating the ability to do many things for the school in a quality manner, and remembering all the time to treat staff, students, and parents in a caring way. I feel this is the way the total Etiwanda High School staff is responding as we grow and develop. I am proud to model behavior I feel is beneficial to all.

Earl Meier

Mr. Earl Meier

District Administration

Superintendent
Mike Dirksen

A high point during the tenure of a superintendent of schools, is the planning, building, and opening of a new school. This accomplishment has come my way this year. Etiwanda High School is here. There is only one first year for Etiwanda High, so let's make the most of it.

Asst. Superintendent
C. Robert Erickson

What a great opportunity it is to be in a new school at the start of what I believe to be an exciting new decade for education. With opportunities provided by the legislature comes the responsibility to improve our educational program. I'm expecting Etiwanda High School to become a leader in that effort.

Business
Russell Dickinson

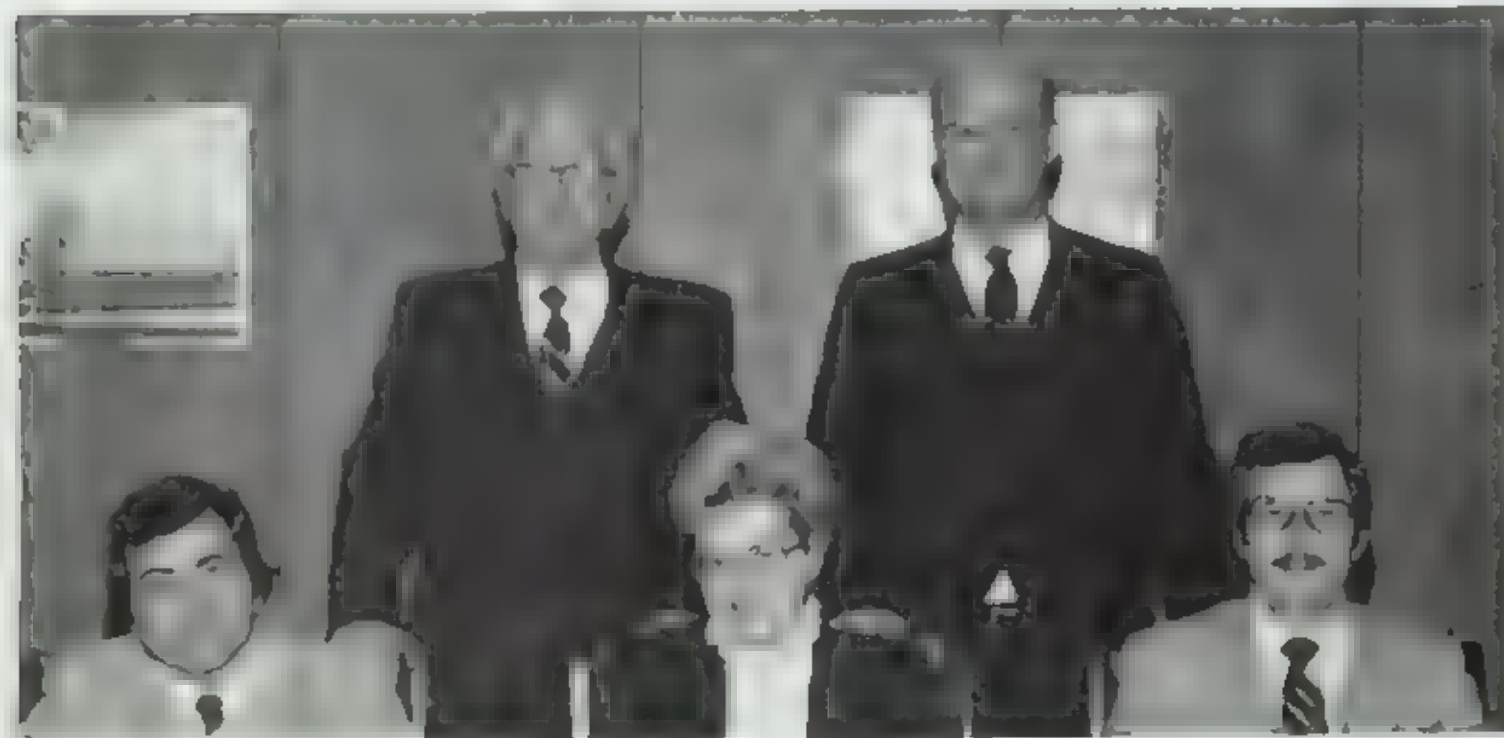

I have been able to assist in selecting the architect, holding meetings, hiring a building inspector, working with the contractors, the sub contractors, and seeing that all the necessary supplies and equipment has been ordered with the appropriate dates. It has been an interesting and challenging task and the business division will be involved all the way.

Personnel
Dean Smothers

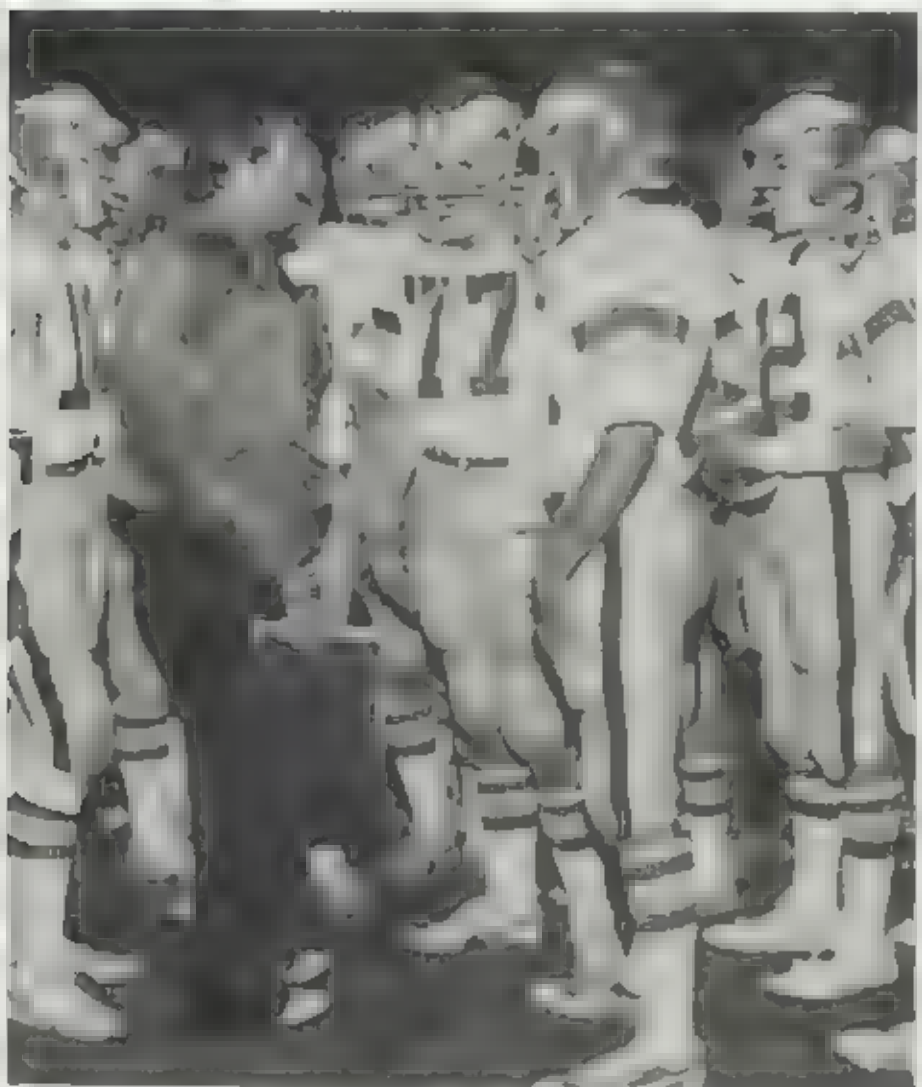

To have been part of the planning and development of Etiwanda High School has been a thrilling experience. From determining attendance boundaries to staff selection, and from selecting school colors to electing student body officers, Etiwanda has been created. I look forward to watching our newest school grow and develop into an outstanding high school.

Coaches Everard, Tisdale and Johnson discuss the plan for the next game

First row: Tom Pitts, Dean Crabbe, William O'Neil, Mike Falsam, Art Foxat, Jack Bloomfield, Tom Cranda, Marvel Alexander. Second row: Glenn Stutter, Frank Gonzales, Alex Osorio, Aaron Butler, Mike Rodriguez, Marty Calenz, Art Contreras. Third row: Richard Pochy, Bob Holland, Leonard Bradford, Don Neissen, Mike Bernier, David Ayala, Bryan Ogle, Dan Verdugo. Fourth row: Brian Hill, Alfred Karoa, Ricky Phillips, Charles Burks, Tom Rodriguez, Kolmi Lata, Michael Levesque, Lundes Harper. Fifth row: Coach Everard, Coach Johnson, Coach Tisdale.

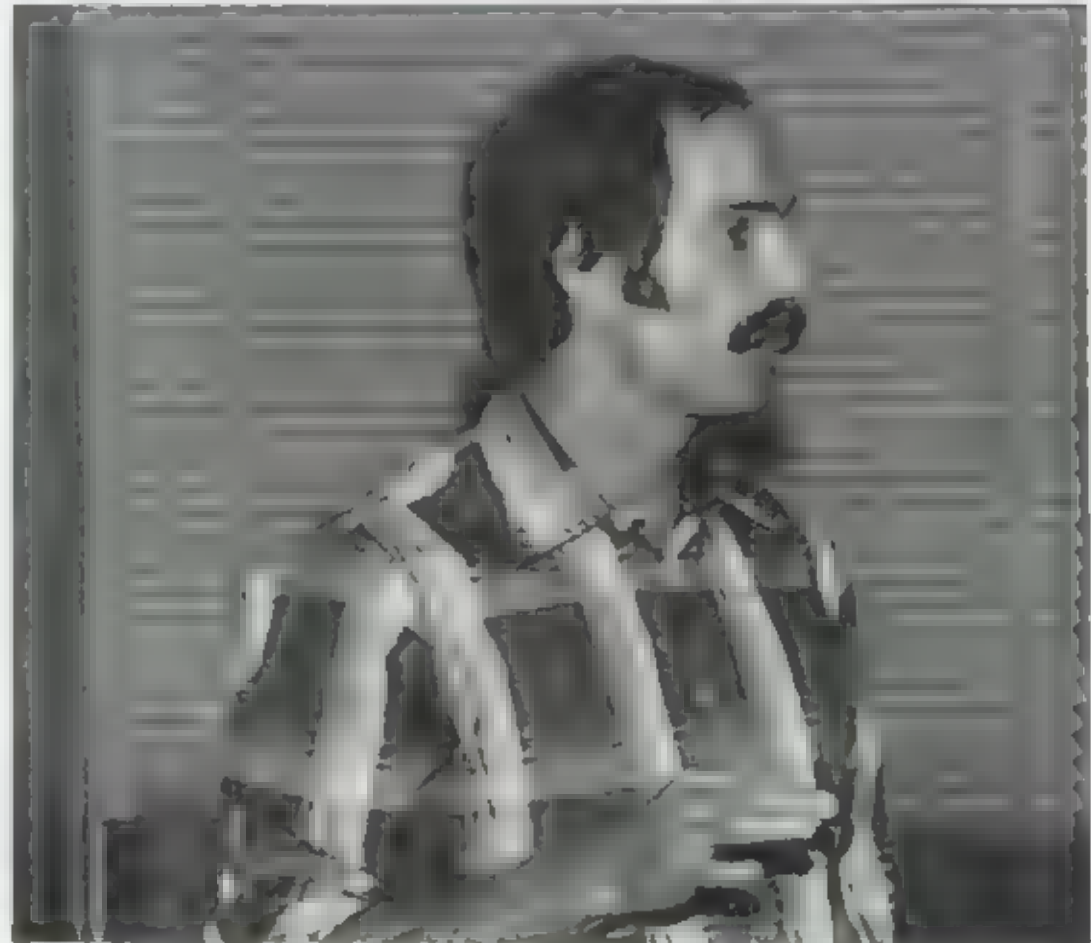

In their first season of football, the varsity team really gave it their all. Coach Tisdale summed up the season when he said, "The 1983 Eagle football team will be remembered as the pioneer spirited, young hard working team who began a tradition of excellence to come in athletics. No matter what the score or circumstance the young Eagles comprised of juniors and sophomores continued to give 100% and never gave up. This spirited work, effort and dedication was truly a tribute to each team member, his parents, his school and himself."

It has been a real pleasure to share in such an experience." — Coach Tisdale

Eagles do their best!!

Mr. Rudolph, head coach of the frosh/soph team

Mr. Rudolph, who was coach of the frosh/soph football team really took pride in coaching the team. He said, "If everyone comes to practice and works hard with intensity, when they play their regular games they definitely will win a game." Obviously this was evident by the fact that they won their first game. The first player on the team to score was *Matt Hamel*

JUNIOR VARSITY PLAYS WITH PIZAZZ!!!

Mrs. Berry, coach of the J.V. Volleyball team really enjoys coaching her players. Mrs. Berry was proud to say "The team has shown more improvement in one month than any other sport that I have coached." Obviously this is evident by the spectacular way the team plays together. The team players feel really enthusiastic about having Mrs. Berry as their coach. Melissa Heltzer who is a player said "It's really cool to be on the team and excited." Kim Gaunt agreed, in saying "We're a pretty good team." The J.V. Volleyball team certainly has a lot of

Nan Fowler, the J V basketball coach stated, "This season has been very valuable for the girls to gain experience and get playing time. I hope it has also been valuable in gaining the player's interest and enthusiasm for playing basketball. I'm very pleased with the amount of team work and cooperation shown between the players throughout the season. I have seen tremendous improvement in the team during the course of this season. I believe every player has improved 100% in knowledge of the game and in physical ability.

Before school began in September, Elwanda's A.S.B. was already busy at work. During the summer they got together and revised their regulations and policies to help them in the upcoming year. During the 1988-89 school year they were busy doing such things as sponsoring dances, paying bills and arranging most school-related activities. They showed their spirit by attending the sports games and even organizing the first Spirit Queen Rally. According to A.S.B. Vice President *Ariston Bolden*, "This year's A.S.B. really helped the school get off to a promising start." Many other officers found that there was a lot of hard work to running a school. A.S.B. Secretary, *Cammie Yngelmo*, says, "There were times when it was really hard, but, all in all I enjoy my office and hope to have it again next year."

Singing and Acting are Big Hits

If you ever had a vision of a heavenly choir, our Concert Choir and Chorus came very close. Under *Doug Lee*'s instruction, these groups flourished. Their repertoire consisted of traditional favorites to contemporary and jazz selections

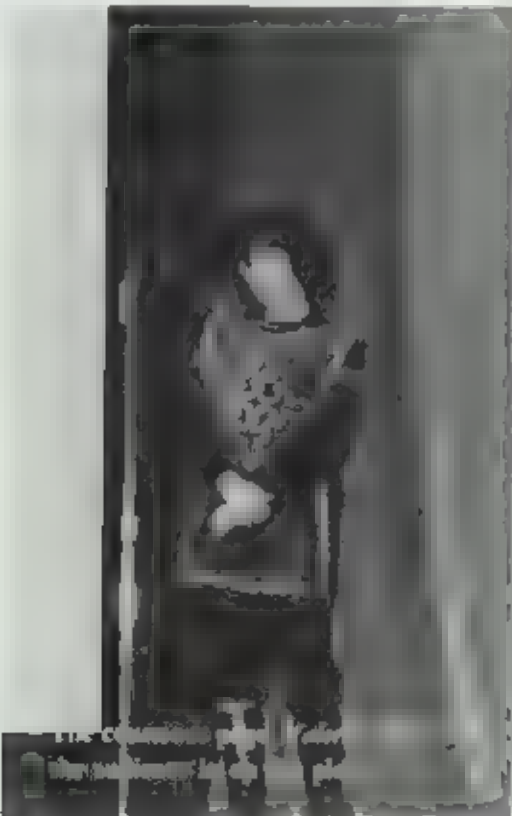

"To be or not to be" fortunately was not the question for the drama class. The large influx of performers made it possible to put on more involved plays. The members thoroughly enjoyed themselves and put on several high quality skits, plays and speeches

After a memorable year of school, we can look back on our newspaper with pride. The *Aquiline* shared many of those memorable events with us. It was made up of a dedicated staff of journalists. With Mrs. Wasserman as advisor and Jennifer Benefield as editor, our newspaper was a success. Mrs. Wasserman said, "There is more potential and progress for students of journalism as compared to a regular English class. People who are writing for publication are motivated to take more pride in their work." Jennifer Benefield the editor said, "The policy of the *Aquiline* is to inform and entertain its readers. The *Aquiline* at all times strive to be fair, accurate, and objective when reporting the facts." The successful first year of the newspaper has started a tradition at our school.

Over two hundred students danced to the sound of the *Peccatians*, a band that played pop music, at the first dance ever. The dance was on the twenty-fourth of September, and ASB made over one thousand dollars for future student activities.

The band members, *Daniel, Mark, Dave, Jeff* and *Thomas* were a hit with the crowd, and their breaks were spent giving hints to up-and-coming musicians. *Michael, Frank, Linda* said, "They were very helpful, and they gave us their band some good hints."

The dance was a success and many students were looking forward to the future ones.

Smiles of pleasure are on these dancers' faces.

Academic Decathlon

The Academic Decathlon was a very important event. It was a test that lasted for nine hours and was divided into three parts: written, communicative, and the super quiz. The subjects included mathematics, economics, social science, fine arts, science, language and literature, essay or quotes, speech on prompt, speech on interview, and the Super Quiz which was on the hearing effect. The Decathlon consisted of fourteen schools from the San Bernardino county. Irwanda placed third in the Super Quiz and Archana Kudva placed second in mathematics. When asked if they had fun, they all said yes. Archana Kudva said "it was interesting" and James Southard said "it was great for everyone." They all want to do it again next year. They would like to get a class started next year with Ms. Patterson as the teacher. They recommended all the juniors and seniors to get into the program next year.

Key Club

Key Club (Kiwanis Educating Youth) functioned as an organization for students to get involved with the community and our school. Some of the many activities Key Club participated in were: a car wash, Wake-a-Thon, and Cupid Sweetheart Match. In April, some members attended the Key Club Convention in Anaheim, which they had been working towards all year.

B.S.U.

The Black Students Union was organized at Etiwanda High School by various pupils to unite the black students in our school. "The main purpose," said Zazette Scott, "is to have fun amongst ourselves for a little while as a reminder of our heritage." Among the various activities they've had, B.S.U. organized an assembly in honor of Martin Luther King's birthday.

C.S.F.

Students with above average grades were able to qualify for C.S.F. The aim of the California Scholarship Federation was to encourage further education for these qualified students. The C.S.F. program provided information about general and specialized scholarships being given by many institutions. About one-hundred colleges throughout the U.S. reserved scholarships for C.S.F. Seal-bearers.

The Happenings of 1983-1984

Beirut Lebanon

President Ronald Reagan sent 1,200 U.S. Marines into Beirut, Lebanon on September 29, 1982. They were supposed to keep peace while they were there. In April 1983, the U.S. Embassy in Beirut was destroyed by a car bomb by unknown terrorists killing 63 people. Suicide Moslems bombers drove a truck full of TNT into the Marine resting quarters killing 241 Marines on October 23, 1983. Soon after this incident 58 French soldiers were blown up in the same way. On February 7, 1984, President Reagan began evacuation commands to get the Marines off the shore and onto the awaiting ships.

Baby Jane Doe was born with multiple problems, including Spina Bifida, excess fluid on the brain, and, most distressing, and abnormally small head. A large part of the brain, the Cerebral Cortex is missing. If the child had surgery, physicians would expect Baby Jane to be partially paralysed, severely retarded, and oblivious to her surroundings all her life.

Under these circumstances, her parents decided against surgery to stop the overflow of fluid to her brain. Without the operation, Baby Jane is expected to die by her second birthday.

The Hall of Law and Justice is an earthquake proof building. It is located on the Southeast corner of Haven and Foothill in Rancho Cucamonga.

Defense of Europe

During the mid and the late 1980's, the French and the British sent missiles to the coast of West Germany and England to help in the defense of Europe. This act was done in order to prevent the take over of Europe by other more powerful nations. The United States supported this cause by sending Persian II missiles to be set up in West Germany and England also.

Lt. John Goodman

On December 4, 1983, as two United States Navy jets flew over Syria, shots rang out and the two jets were no longer airborne. Upon striking the ground, one pilot died, while the other, Lt. John Goodman, was taken prisoner by Syrian soldiers. Syria declared war with the United States and took Lt. Goodman as a Prisoner of War. However, the United States saw no reason to go to war with Syria, and declined their offer to fight. Jesse Jackson, a political figure, went to Syria and talked with Syrian President Hafez el-Assad, asking for Lt. Goodman's freedom. Jackson and Goodman both returned home to a celebrating country.

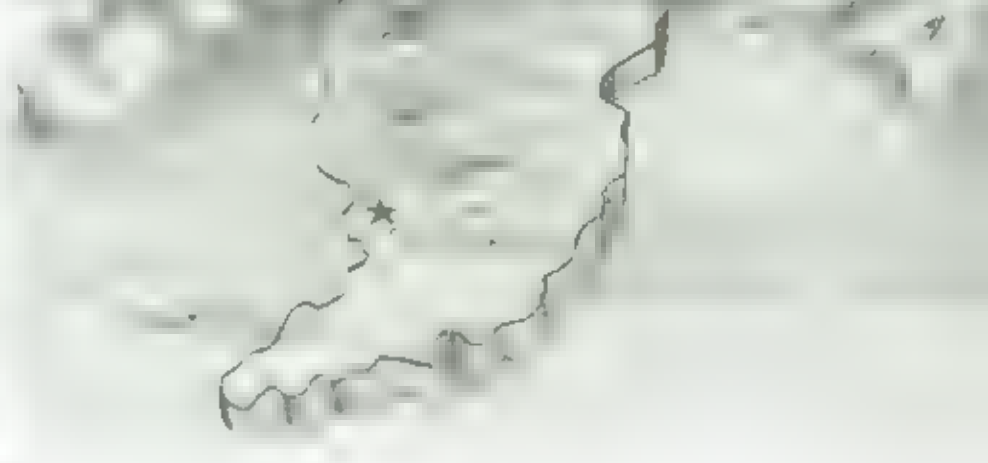

U.S. Invasion of Grenada

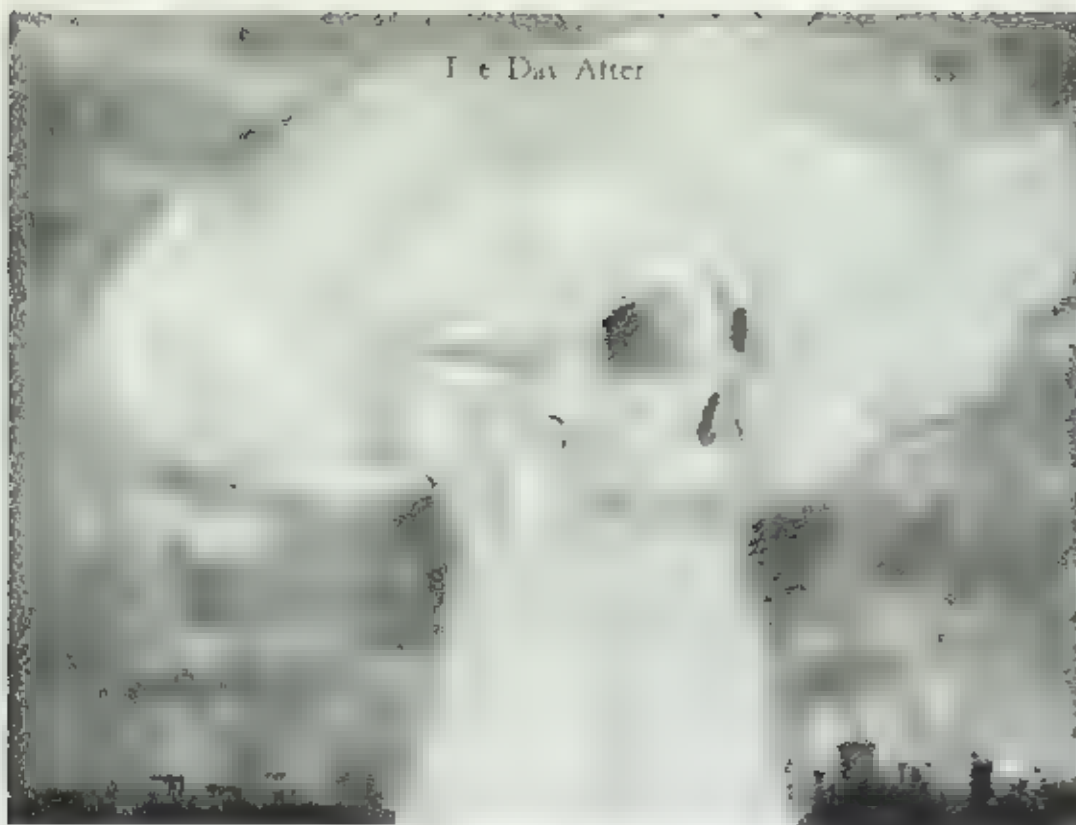

On October 19, 1983, the United States invaded Grenada which is located just off the East side of South America. A few days and act of prevention. The late Prime Minister, Maurice Bishop was assassinated soon after the invasion. Grenada was a small island with a port stop for war vessels. Bishop was building a new airport and constructed a 1,000 foot runway to be used for military aircraft. The invasion was justified by the United States was to protect the American students who were attending the American University in Grenada.

Korean Air Liner

A Korean Airline Jet heading for Seoul, South Korea, strayed from neutral air space and entered the Soviet area. The Soviets thinking it was a spy mission shot it out of the sky. The flight abruptly ended taking 265 lives. The Soviets say no warning was given. Others say the pilots acknowledged the Soviets. Many people lost their family and friends. The crew was rescued for the survivors.

In the fall of 1983, ABC, channel 7, aired a movie on Atomic Bombs. "The Day After" was based on what might happen if World War III erupted. For days before its premiere, teachers, newscasters, and the T.V. Guide urged people to watch it with parental guidance. Young children were cautioned not to watch. It dealt with the panic of death and loss of friends and relatives. It dealt just barely on Martial Law. If a person was caught stealing, or committing other felonies, he was shot because of the fact that they could not be held in prison, who would watch them? Some people thought it a waste of time, others thought it brought the fear in people of Nuclear Wars. Maybe the movie was a waste of time, however, maybe, because of the movie, the fear of a deadly third World War would make people realize the loss if such a war happened.

The finalist of the NFC and AFC were the Los Angeles Raiders and the Washington Redskins. When the Raiders beat the Redskins it was the largest point margin of any Super Bowl ever played. The Raiders beat the Redskins 48 to 9 in Super Bowl XVIII. The Raiders broke many records. Marcus Allen was voted as MVP of the game. He broke the record for most yards rushing and most total yards in a Super Bowl.

On Friday, November, 1963 President John F. Kennedy was shot and killed while driving with his wife in Dallas. Lee Harvey Oswald shot Kennedy in the back of the head. Kennedy never regained consciousness, and died within twenty-four hours.

Kennedy, our 35th President (1960-1963), is best remembered for his great wit and famous Nixon debates. His motto was, "Ask not what your country can do for you, ask what you can do for your country."

The 1984 Olympics were held all over the Los Angeles area, but primarily in the Los Angeles Coliseum. The events took place in July and August of 1984. Some of the events included track and field, gymnastics, boxing, baseball, fencing and many others. Los Angeles looked forward to the 1984 Olympics. They've waited so long for 1984 to come. The last Olympic games that were held in Los Angeles was in 1932.

Dadgial,
Q-10 4/11/19 01:00
you to know that everything
we have all up & down
it doesn't mean that I'm not
going to be there for you. Even
though I did go to you. I hope
we had some good times together
I have to admit but we did go
through some rough times and
you know if you need me for any
thing "I'm still here" just want
you to know. I hope that every
thing you find in your
future and in whatever you do.
Stay strong and "Don't let me
down but you know." Good luck
with the rats you love. Take
care and stay out of trouble. God
bless you. Have a nice dinner.
I'll stay as close as we can
to keep in touch.
